INJECTION MOULDED CASES - PELI LIMITED LIFETIME* GUARANTEE

Peli Products, S.L.U. ("Peli") guarantees its injection moulded products for a lifetime* against breakage or defects in workmanship. Peli™ injection molded cases are guaranteed to be watertight to a depth of 3.3 feet (1 meter) for 30 minutes (IP 67) if properly closed with undamaged o-ring in place unless otherwise stated. To the extent permitted by law, Peli's liability is limited to the case and not its contents or foam. All warranty claims of any nature are barred if the case has been altered, damaged or in any way physically changed, or subjected to abuse, misuse, negligence or accident.

For complete warranty details, see www.peli.com/WARRANTY

* Lifetime Guarantee not applicable where prohibited by law.

PELI AIR CASE FEATURES

+ THE SCIENCE BEHIND STRENGTH AND LIGHTNESS

The Peli™ Air case has been designed to cut weight without compromising durability.

Our engineers have revolutionised the protector case by reducing structural waste while preserving Peli's legendary standards of strength. In development for years, the design team challenged the status quo to "add lightness" in every detail.

Here are some important reasons why Peli™ Air cases are both strong and light:

- Moulded from the next generation of Peli's lightweight HPX™ resin, a proprietary formula that rebounds without breaking
- Honeycomb structural elements that are actually stronger than solid polymer material
- Super-stiff "full box" sections engineered to create hollow parts

+ EXTREME ENGINEERING—UP TO 40% LIGHTER

Peli™ Air	Weight NF (kg)	Peli Equivalent	Weight NF (kg)	% var.
1485	2.1	1500	2.9	-26%
1525	2.7	1520	3.8	-28%
1535	3.9	1510	5.4	-28%
1555	3.3	1550	4.8	-35%
1605	4.2	1600	5.9	-33%
1615	6.4	1670	10.4	-40%

* Case weights are actual and percentage variance is adjusted for interior volume.

+ UP TO THE TEST

It wouldn't be a Peli™ case if you couldn't drop it, kick it and run over it – and the Peli™ Air case is no different.

- Drop-tested on concrete with loads from 1,8 m on all sides and corners
- Submerged for 30 minutes at a depth of one meter
- Wheels are roll tested over 1 km with loads at 8 km/h
- 12,7 kg steel dart dropped on all sides from 1 m

+ SHARED FEATURES ACROSS ALL MODELS

- A Watertight O-Ring Gasket
- B New Style "Conic Curve" Lid Shape
- C Super-light Proprietary HPX2 Polymer
- D Stainless Steel Hasp Protectors
- E Proven tough Press and Pull™ latches will keep the lid shut through rough handling but are easy to open on arrival
- F Automatic Purge Valve Balances Air Pressure
- G New Removable Polycarbonate Card Holder, with Front or Side Placement
- H Rubber Overmoulded Handles
- Crushproof and Dustproof

PELI™ AIR

Rugged, uncompromising and trusted, Peli cases protect what matters to you, from the everyday to the extraordinary.

Up to 40% lighter than other polymer cases, Peli™ Air cases lighten the load for those who travel for work or leisure without sacrificing Peli's legendary standards of strength.

Engineered and manufactured in the U.S.

Guaranteed for Life.

*Check the specs for the exact weight of each model

PELI AIR CASE SPECIFICATIONS

PELI AIR AVAILABLE STANDARD CONFIGURATIONS

PELI™ AIR PROTECTION SOLUTIONS

Peli™ Air Cases are available empty or with any of the following protection solutions.

Check how to install all accessories through our easy step-by-step Tutorial videos

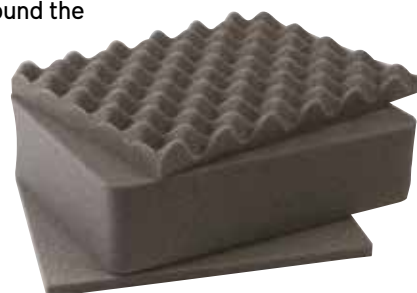

+ PREMIUM PROTECTION: PELI+TREKPAK™

The TrekPak™ system uses pre-installed wall sections, divider panels, locking pins and an infallible cutting tool. Just lay your gear in the case, measure and cut the divider sections and lock them in place with the steel U-pins. Learn more at peli.com/trekpak

+ EFFORTLESS PROTECTION: EASY PICK N PLUCK™

Peli™ Air cases have been designed to protect equipment of all kinds, no matter the size or shape. Most Peli protector cases come with our Pick N Pluck™ shock-absorbent foam, pre-scored in tiny cubes. The item is placed on the foam, outlined with chalk, and then the cubes around the item are removed to form a secure, protective cocoon.

+ HYBRID PROTECTION: PICK N PLUCK™+TREKPAK™

No longer choose between the versatility of the TrekPak™ divider system or the protection of the manually customisable Pick N Pluck™ foam. Peli™ Air Hybrid protection features both. Only available for the Peli™ Air 1535 case.

+ PADDED DIVIDER SYSTEM

- Full Sewn Tub with Felt Exterior
- Velcro™ Compatible Nyllex™ Interior
- Elastic Hold Down Straps
- High-Visibility Yellow Interior
- Set Includes: 1 Tub, 2 Large Dividers, 6 Medium Dividers, 3 Small Dividers

+ EZ-CLICK™ MOLLE PANEL

The first lid organiser of its kind that can quickly be released and swapped out without tools. Engineered to fit in the 1535 Peli Air case, the panel is compatible with user-supplied MOLLE pouches and Velcro™ brand straps.

PELI™ AIR TRAVEL CASES LIVE YOUR ADVENTURES WITH TOTAL PEACE OF MIND

PELI™ AIR 1615 TRAVEL CASE
–WHEELED CHECK-IN*
Maximum airline dimensions for checked baggage without oversize charges.

Travelling with equipment in the field is one of the biggest issues for professionals who are frequently on the road or for those who go outdoors to live their adventures. Now you can travel smarter thanks to Peli™ Air Travel (TRVL) Cases.

Just take your indestructible and lightweight travel companion with you and Bon Voyage!

Lid organisers have zippered compartments for stowing larger items and see-through mesh pockets secure passports and cables. Packing cubes keep gear tightly bundled and allow you to arrange your gear by stacking or grouping side by side. Peli™ Air Travel Cases are also built for versatility. Just remove the packing cubes and replace with optional Trekpak™ dividers, padded dividers or Pick N Pluck™ foam interior solutions (available separately).

The Peli™ Air 1535 Travel case is optimised for carry-on/overhead bin sizes and the Peli™ Air 1615 Travel case is built to maximum airline dimensions* for checked baggage without oversize charges.

PELI™ AIR 1535 TRAVEL CASE
–WHEELED CARRY-ON*
Optimized for carry-on/overhead bin size.

*Check with your airline for exact measurement requirements

LIGHTWEIGHT PROTECTION FOR ANYONE

+ ONE SIZE DOESN'T FIT ALL

Peli understands that finding the right protection, with the perfect fit for your gear, is a priority. Peli™ Air began with long protection and quickly grew to offer you deep protection. The time has come to combine those two in order to create Peli's new Long/Deep Series (cases 1506, 1556, 1606 and 1626).

Peli™ Air cases offer both long, deep, and long/deep variations you won't find in our Peli™ Protector Case™ line.

+ PREMIUM PROTECTION FOR PRO CAMERAS

Having the right camera and being passionate about what you do is key to be a successful photographer. However, having the right protection for your valuable gear will help you focus on the job without worries.

The right camera case will allow you to travel safe, no matter where! Your equipment will be safe from weather conditions and rough handling.

Peli Air cases offer lightweight impact protection for all kind of cameras and with enough additional space for lenses, cables, optics and other accessories. Up to 40% lighter than other polymer protector cases, Peli Air is the preferred companion of those outdoor or travel photographers who need to travel lightweight, but still need the best of protection for their valuable DSLR cameras.

Complement your Peli Air case with Peli's extremely handy memory card cases or micro cases to store the smaller accessories. Learn more at Peli.com.

+ DEEP SIZED CASES FOR ULTIMATE DRONE FIT

Peli Air cases will allow you to travel comfortably, while still offering the best protection for your drone. Portability and compact-size have become important criteria when choosing a drone and thus the need of having a high impact resistant and efficient carrying case has become imperative.

With over 33 cm of depth, the deeper sized models will allow you to easily fit in your larger drone or quadcopter with all its accessories, like blades, props, cables, goggles, chargers and more.
